

Fox Cubs - Autumn Term 2

Writing

We are beginning to practice our letter writing and doing lots of activities to support our fine motor control which helps us write. We are beginning to feel more confident saying the sounds in 3 letter words and writing down what we can hear.

Maths

Our Maths lessons this term will focus on confidence with the numbers 1, 2, 3, 4, 5! We will practice our counting and number concepts as well as recognising the properties of 2D shapes.

Phonics

We are learning even more sounds and practicing recognising these in words. We are getting more independent at blending the sounds together to read words. We will practice this a lot over this half term!

PE

We will be practicing scoring points in target games and working as part of a team to succeed in different activities.

The World

As we head into Winter, we will be spending lots of time outside and looking at how the world around us changes with the season. We will learn about animals using our photographs of pets as our starting point.

PSHE

We will be talking all about celebrating our differences and what makes us special and unique. We will look at families and talk about how special they are to us.
